Statement Regarding Language on Template with  
Voter Registration Card

The purpose of the communication was to provide the voter with their voter registration card. Unfortunately, it included outdated information about the June Primary Election date. We regret the error and will correct it in all future communications. As a reminder, the District's primary election will be held on the 1<sup>st</sup> Tuesday in June, on June 2, 2020.

We have planned a number of future communications about important events in this election cycle, and voters will be well informed about when and where to vote.
