DCBOE Registers Over 400 High School Students Before June Primary

WASHINGTON, D.C. - Over the past few months DCBOE staff took steps to reach an important, large, and diverse pool of eligible but unregistered District residents: D.C. public high school students, in anticipation of the June 19th Primary Election.

Beginning in March, members of the Voter Education and Outreach Division contacted school administrators in all 8 wards in an effort to schedule lunchtime registration drives. Of the schools contacted, 6 of them invited the DCBOE staff to their schools for lunchtime events and circulated information about the registration process with their students. Because the District allows for pre-registration at age 16, students in grades 10 through 12 were eligible to register. Many also applied to serve as student poll-workers.

DCBOE thanks the staff and student government at the 6 schools that hosted us during their lunch periods. Ward information and registration totals for each school are listed below:

Woodrow Wilson High School (Ward 3) – 228 registrations
Luke C. Moore High School (Ward 5) – 30 registrations
School Without Walls High School (Ward 2) – 50 registrations
McKinley Technology High School (Ward 5) – 20 registrations
Eastern High School (Ward 6) – 74 registrations
Washington Metropolitan High School (Ward 1) – 11 registrations

DCBOE will be scheduling more lunchtime registration events in advance of the November General Election.

If your school would like to participate, please call Rachel Coll at (202) 727-5411 for more information.

The District of Columbia Board of Elections is an independent agency of the District government responsible for the administration of elections, ballot access and voter registration.
